

Dental Lab: Choice of Materials for High Performance Rehabilitation

VIRTUAL CLASSROOM

 04 December 2020
Friday | 14:00 - 18:00

 Online Event

 Area of interest:
Dental Lab

Marcio Breda, MDT
Brazil

Abstract

During this virtual classroom practical demonstration practical demonstration, participants will be able to have direct contact with the speaker and learn from the latest tips and tricks. The speaker will showcase how easily it is to develop anterior teeth with zirconia structures. Dental Technicians should always be thinking about building brighter and more natural teeth. The presentation of effects and how to position each one is very important. Finally, texture and finalize two plants....
