</table>
DAY 1 SESSION | AL RAS MAIN BALLROOM

08:00 – 09:00  BREAKFAST WITH THE SPONSORS  |  REGISTRATION  |  TRADE SHOW EXHIBITION VISIT

09:00 – 09:45  Innovative Periodontal Laser Treatment Concept with Additional Attention to Gingival Recontouring and Depigmentation
   Prof. Dr. Norbert Gutknecht, Germany

09:45 – 10:30  GBR and GTR. The Magic Bullets for Implant and Perio?
   Asst. Prof. Attila Horvath, Hungary

10:30 – 10:45  MEET THE SPONSORS  |  COFFEE BREAK  |  TRADE SHOW EXHIBITION VISIT

   Prof. Andrey Akulovich, Russia

11:30 – 12:15  "MI" Modern Clinical Management of Deep Carious Lesions
   Prof. Avijit Banerjee, UK

12:30 – 13:45  LUNCH  |  PRAYER TIME

13:45 – 14:30  How to Improve the Prosthetic from Aesthetic and Tissue Health Point of View
   Prof. Domenico Baldi, Italy

14:30 – 15:15  Implant Site Optimisation Using Osseodensification
   Dr. Costa Nicolopoulos, Greece

15:15 – 16:00  Top Up Your Dental Plan with Facial Aesthetics
   Dr. Rami Haidar, UK

16:00 – 16:45  Optimise The Aesthetic Periodontal Conditions Around Maxillary Impacted Canine
   Prof. Jean-Marc Dersot, France

16:45 – 17:00  LUNCH  |  PRAYER TIME

17:00 – 17:45  Digital Implant Workflows maximizing clinical outcomes
   Dr. Marcus Dagnelid, Sweden

17:45 – 18:30  Sinus Lift from Crestal Approach
   Prof. Domenico Baldi, Italy
DAY 2 SESSION | AL RAS MAIN BALLROOM

08:00 – 09:00 BREAKFAST WITH THE SPONSORS | REGISTRATION | TRADE SHOW EXHIBITION VISIT
09:00 – 09:45 Full Ceramic Restoration: The Art Meet Layering Ceramic Restoration
Mike Prosperino, DT, Italy
09:45 – 10:30 Injection Moulding Technique: Easy Aesthetics, Predictable Outcome
Dr. Simone Moretto, Brazil
10:30 – 11:15 Porcelain Laminated Veneers: Let Talk Complications
Dr. Mohammad Abualhaj, Jordan
11:15 – 11:30 MEET THE SPONSORS | COFFEE BREAK | TRADE SHOW EXHIBITION VISIT
11:30 – 12:15 Oral Rehabilitation Influencing Smile Design and Facial Aesthetics
Prof. Jean-Marie Megarbane, Lebanon
12:15 – 13:00 How to Achieve Long-Term Aesthetic Success in Implant Rehabilitation
Dr. Maurizio Martini, Italy
13:00 – 14:00 LUNCH | MEET THE SPONSORS
14:00 – 15:00 True Bone Regeneration - What the Body Needs. Translating Biology into Successful Implant Dentistry
Prof. Peter Fairbairn, South Africa
15:00 – 15:45 Managing Aesthetics and Tooth Wear the MI Way
Prof. Brian Millar, KCL, UK
15:45 – 16:15 Endodontic Consideration in Aesthetic Treatments
Prof. Hani Ounsi, Lebanon
16:15 – 17:00 Interdisciplinary v/s Multidisciplinary Treatment of Maxillofacial Trauma in the Aesthetic Zone
Dr. Nadim Aboujaoude, Lebanon
17:00 – 17:45 Zygomatic Implant Solutions to Treat Sever Atrophy of the Maxillary
Dr. Bernard Cannas & Dr Nicolas Boutin, France
17:45 – 18:30 What Should we Assess Before Approaching with any Device or Debridement Instrument to Maintain our Restored and Healthy Patient?
Consolata Pejrone, Italy

ACCREDITATION
DHA 15.25 CME

ADA CERP® Continuing Education Recognition Program
CAPP designates this activity for 14 CE Credits
DAY 1 SESSION | BALLROOM

08:00 – 08:55 BREAKFAST WITH THE SPONSORS | REGISTRATION | TRADE SHOW EXHIBITION VISIT

09:00 – 09:45 Maintenance Treatment Versus Active Therapy Treatment: What’s the Difference
Consolata Pejrone, Italy

09:45 – 10:30 New Technologies and Methods for Oral Biofilm Management from Theory to Practice Part 1
Stefano Checchi, Italy

10:30 – 10:45 MEET THE SPONSORS | COFFEE BREAK

10:45 – 11:00 PANEL DISCUSSION

11:00 – 11:45 New Technologies and Methods for Oral Biofilm Management from Theory to Practice Part 2
Stefano Checchi, Italy

11:45 – 12:30 Physiological Approaches for Improving Compliance to Oral Hygiene Recommendation
Prof. Mario Rui Araujo, Portugal

12:30 – 14:00 LUNCH | TRADE SHOW EXHIBITION VISIT

14:00 – 14:15 PANEL DISCUSSION

14:00 – 14:45 Peri-Implant Disease & It’s Management
Deepak Simkhada, UK

15:00 – 15:45 Preventing Caries "MI" way! Part 1
Prof. Avijit Banerjee, UK

15:45 – 16:30 Preventing Caries "MI" way! Part 2
Prof. Avijit Banerjee, UK

16:30 - 17:15 Infection Control in the Dental Setting
Prof. Ali Razooki, UAE

17:15 PANEL DISCUSSIONS

**SPEAKERS**

- **Dr Bernard Cannas**
  France
  Cannas Bernard graduated with DDS from the University Paris V in 1978. He gained his teaching attachment in Oral Surgery in 1985 and has been in charge of implant surgery... more at the event

- **Prof. Dr. M.D. Norbert Gutknecht**
  UK
  Gutknecht studied medicine and dentistry at the Universities of Bochum, Florence and Aachen. Since 1990 he works as a scientific researcher at the RWTH Aachen University Hospital. He did scientific research... more at the event

- **Dr Marcus Dagnelid**
  Sweden
  Dagnelid, DDS, Board Certified Prosthodontist, is CEO, Chief of Staff, Dagnelid Clinic & Falkenberg Clinic, SAACD AB as well as the CEO of the European Dental... more at the event

- **Asst Prof Attila Horvath**
  Hungary
  Asst. Professor Dr. Attila Horvath is currently Assistant Professor at the Semmelweis University in Budapest Hungary, his home... more at the event

- **Dr Rami Haidar**
  UK
  Haidar Graduated from Cairo and completed his training in the UK in Oral & Maxillofacial Surgery. After... more at the event

- **Prof. Dr. Mohammad Abdelmajeed Abualhaj**
  Jordan
  Abdelmajeed Abualhaj received his BDS, Bachelor from the University of Jordan, Amman – Jordan. Further Membership of Faculty of Dentistry of Royal... more at the event

- **Dr Costas Nicolopoulos**
  Greece
  Nicolopoulos qualified as a dentist in 1984 receiving his dental degree cum laude from the University of Witwatersrand, Johannesburg, South Africa. He received... more at the event

- **Dr Simone Moretto**
  Brazil
  graduated in Dentistry from State University of Campinas in Brazil. Afterwards, she obtained the titles of Specialist, Master... more at the event

**LECTURE**

- **Zygomatic Implant Solutions to Treat Sever Atrophy of the Maxillary**
  Atrophic maxillary treatment is a very big challenge with graft solutions. The little bone and large sinus cavity... more at the event

- **Digital Implant Workflows Maximising Clinical Outcomes**
  In the lecture the participants will listen to surgical- and prosthetic experiences utilising newer generation... more at the event

- **Top Up Your Dental Plan with Facial Botulinum Toxin & Fillers**
  Dental Aesthetic treatments are becoming very advance, and facial aesthetics is on high demand in the dental... more at the event

- **Innovative Periodontal Laser Treatment Concept with additional Attention...**
  While the laser may not be capable of replacing the scaler or the curette jet, it is a successful supplement... more at the event

- **True Bone Regeneration – What the Body Needs. Translating Biology into...**
  In modern Dental Implantology, like in Orthopedics and Regenerative Medicine, our aim is to restore... more at the event

- **True Bone Regeneration – Graffing without a Collagen Membrane Using Modern...**
  The loss of bone due to disease and modelling after tooth removal is always a limiting factor in the... more at the event

- **Zygomatic Implant Solutions to Treat Sever Atrophy of the Maxillary**
  Atrophic maxillary treatment is a very big challenge with graft solutions. The little bone and large sinus cavity... more at the event

- **Dental Practice Management: Tips and Tricks on How to Build a Successful Office!**
  This course will further develop your practice and empower your staff members to grow your business... more at the event

- **Botox & Dermal Fillers Masterclass (Live Demo)**
  A full day where Dentists and physicians could have a close up look on the latest techniques in... more at the event

- **Modern Dentistry without Erbium Laser Therapy is NOT Modern**
  We live in an exciting age in which technology is rapidly changing the world, and there’s no question... more at the event

- **Implant Site Optimisation Using Osseodensification**
  Describe the science of osseodensification. Differentiate between conventional bone extraction drilling and... more at the event

- **True Bone Regeneration – Graffing without a Collagen Membrane Using Modern...**
  The loss of bone due to disease and modelling after tooth removal is always a limiting factor in the... more at the event

- **Injection Moulding Technique: Easy Aesthetics, Predictable Outcome**
  Anterior restorations with high esthetic demands are a common challenge to most clinicians in their daily... more at the event

- **Injection Moulding Technique: Easy Aesthetics, Predictable Outcome**
  The aim of this lecture is to present an easy and predictable technique that will enable clinicians to create direct... more at the event

**HANDS-ON COURSE**

- **Zygomatic Implant Solutions to Treat Sever Atrophy of the Maxillary**
  Atrophic maxillary treatment is a very big challenge with graft solutions. The little bone... more at the event

**LECTURE**

- **Porcelain Laminate Veneers: A Recipe for Success**
  The presentation will highlight the common mistakes and complication that may happen during PLV treatment... more at the event

- **Porcelain Laminate Veneers: Let’s Talk Complications**
  Porcelain laminate veneers treatment is considered one of the most popular dental cosmetic treatment... more at the event

- **Porcelain Laminate Veneers: A Recipe for Success**
  The presentation will highlight the common mistakes and complication that may happen during PLV treatment... more at the event

- **Porcelain Laminate Veneers: Let’s Talk Complications**
  Porcelain laminate veneers treatment is considered one of the most popular dental cosmetic treatment... more at the event
Dr. Maurizio Martini
Italy
Following his honour degree in dentistry at the University of Ancona, and a postgraduate Master II livello in IMPLANTOPROSTHESIS at University of Roma, Dr. Maurizio... more at the event

SPEAKERS

Mike Prosperino
Italy
Diploma in Dental Technology from IPSIA of San Benedetto Del Trone (AP) in 1995. In 1996 he began his career as a collaborator in various laboratories as a dental technician... more at the event

Prof. Avijit Banerjee
UK
Avijit is Professor of Cariology & Operative Dentistry / Hon. Consultant, Restorative Dentistry, Faculty of Dentistry, Oral & Craniofacial Sciences, King's College London / Guy's & St. Thomas' Hospital... more at the event

Prof. Hani F. Ounsi
Lebanon
Prof. Ounsi graduated from the school of dental surgery, University of Montpellier, France. He holds a post-graduate degree in endodontics, a master in medical and biological science... more at the event

Prof. Brian Millar
UK
Professor of Blended Learning in Dentistry at King's College London and NHS Consultant in Restorative Dentistry at the King's College London Dental Institute at Guy's... more at the event

Prof. Domenico Baldi
Italy
Dr. Domenico Baldi was born in Genoa, Italy on February 2nd, 1963. Graduated Physician (MD) in 1987 with honors at Genoa School of Medicine. Specialized D.D.S. 1990 at Uni... Genoa School of Medicine. Specialized on February 2nd, 1963. Graduated Dr. Domenico Baldi born in Genoa, Italy... more at the event

Prof. Jean-Marc Dersot
France
Past-President of the French Society of Periodontology and Oral Implantology (SFPIO). Former Assistant Professor – Departement of Periodontology – Dental University – Paris 5... more at the event

Consolata Pejrone
Italy
Consolata Pejrone has a Certificate Degree in Dental Hygiene from Forth School for Dental Hygienists and an Associate of Science in Dental Hygiene by the College of Pharmacy and Allied Health Professions... more at the event

Prof. Jean-Marie Megarbane
Lebanon
J.M Megarbane received his DDS degree from St Joseph University – Beirut, Lebanon in 1969. He is a graduate in Periodontology from University of Paris (France) in 1971 and TUFTS University... more at the event

LECTURE

Full Ceramic Restoration: The Art Meets Layering Ceramic Restoration
In this presentation Mike Prosperino will describe step by step the daily laboratory process, and the way... more at the event

HANDS-ON COURSE

Supernatural – ‘How do you make in a Single Step Supernatural Artificial Teeth’
The technic of layering ceramic of Mike Prosperino it's a simple technique of learning ceramic and... more at the event

LECTURE

"MI" Modern Clinical Management of Deep Carious Lesions
In his presentation, Prof Banerjee, a world-renowned cariologist and operative dentist, researcher... more at the event

LECTURE

Preventing Caries “MI” Way Part 1 & 2
He will outline and discuss with clinical and scientific evidence, the contemporary minimum intervention... more at the event

LECTURE

How to Improve the Prosthetic Rehabilitation from the Aesthetic and Tissue Health Point of View

HANDS-ON COURSE

Superior Outcome Using PIEZOSURGERY in Daily Practice

LECTURE

Endodontics Considerations in Aesthetic Treatments
Although not readily obvious, the relationship between esthetics and endodontics is an important one. Proper care is necessary during the preparation phase to ensure the survival of the dental pulp and the rules of prosthodontic management of endodontically treated teeth... more at the event

LECTURE

How to Achieve Long-term Aesthetic Success in Implant Rehabilitation
Aesthetic is a leading aspect of all our dental and implant treatments. Provide a long-term stability of the soft and hard tissue around the implants is a key factor to guarantee an aesthetic successful outcome over the time. We are going to analyse the main factors that, according with the literature, could be crucial for achieving... more at the event

LECTURE

The theoretical lecture titled "New Technologies and Methods for Oral Biofilm Management" is... more at the event

HANDS-ON COURSE

Tooth Wear Treatment: Modern Strategies to Restore Aesthetics and Function
Hands-on on models to restore teeth affected by tooth wear. Providing aesthetic results, correcting... more at the event

LECTURE

Managing Aesthetics and Tooth Wear the MI Way
The lecture will cover the aetiology and management of all types of tooth wear, from diagnosis and... more at the event

HANDS-ON COURSE

Tooth Wear Treatment: Modern Strategies to Restore Aesthetics and Function
Hands-on on models to restore teeth affected by tooth wear. Providing aesthetic results, correcting... more at the event

LECTURE

What Should We Assess Before Approaching with any Device or Debridement Instrument to Maintain our Restored and Healthy Patient?

LECTURE

Optimise The Aesthetic Periodontal Conditions around Maxillary Impacted canine
As part of a private practice, between January 2010 and December 2018, 911 impacted teeth were exposed for orthodontic reasons. The majority were the maxillary canines (73.63%), followed by the mandibular canines (5.27%) then the maxillary central incisors... more at the event

LECTURE

Maintenance Treatment Versus Active Therapy Treatment: What’s the Difference?
A Comprehensive Approach for the Dental and Periodontal Patient: From Active Therapy to Maintenance Treatment

HANDS-ON COURSE

Hands-on on models to restore teeth affected by tooth wear. Providing aesthetic results, correcting... more at the event
