

Digital Smile Design (DSD), photography, digital dentistry, orthodontics & clear aligners

HANDS-ON TRAINING

Dr Marcos White, UK

14CE
Credits

 **DATE:**
23-24 February 2024
09:00 - 18:00

 **LOCATION:**
CAPP Training Institute | Dubai | UAE

 **TARGET AUDIENCE:**
General Dentistry, Orthodontics,
Cosmetic Dentistry, Prosthodontics,
Restorative Dentistry

Course Aims

- To describe and discuss the various aspects of integrating digital technology with the patient journey in dental practice
- To outline the steps involved in capturing the patient information required for digital analysis
- To describe the benefits of capturing the information, allowing for comprehensive diagnosis and treatment planning
- To discuss how smile design is the driving factor behind comprehensive treatment planning
- To outline the steps and process for Digital Smile Design and introduce the concepts delivered by the DSD protocol by Christian Coachman
- To demonstrate how the DSD protocol can be used to enhance patient communication and case acceptance
- To explain how the DSD protocol can be used to link with digital planning for treatment leading to more predictable outcomes
- To explain the link between DSD and Invisalign, implant dentistry, periodontal and restorative planning

Course Objectives

- To provide a step by step process for capturing a 'digital' patient which can be adapted according to the technology available
- To teach a step by step process for analysing smiles, from analogue to digital, using the scientific to enhance the artistic skills that every dentist can develop
- To define the specific techniques for digital photography and video – and the difference between technical and emotional capture and their applications
- To understand the workflow from gathering the information, through the diagnosis and treatment plan and communicating with patients in a motivational strategy to enhance patient understanding and consent to treatment
- To understand how the systems of Invisalign work with the DSD concept

Hands-on

- Smile design from analogue to laptops and DSD apps
- Digital photography and video
- Invisalign scanning

Agenda Day 1

09:00 – 10:00	Introduction to Digital Dentistry What is Digital Smile Design? The Smile as an Expression
10:00 – 10:30	What is Digital Smile Design?
10:30 – 10:45	Coffee Break
