Faculty

FACULTY LEAD
Dr Faysal Succaria, Consultant Prosthodontist, UAE

Dr. Faysal Succaria is an American Board-Certified Prosthodontist and Consultant based in the UAE. He completed his advanced specialty training in Prosthodontics and Dental Materials at Boston University, a background that bridges clinical precision with a deep understanding of the science behind the materials.

With more than a decade of experience leading hands-on workshops in veneers and indirect restorations, Dr. Succaria's teaching is grounded in years of full-time academia. He previously served as the Program Director of the Prosthodontics program at the Boston University Institute in Dubai, where he shaped the training of future specialists. Today, he balances private practice with a commitment to clinical education, focusing on simplifying complex restorative principles into practical, chairside techniques for every dentist.

FACULTY
Prof Hani Tohme, Specialist Prosthodontist, Lebanon

Prof. Hani Tohme is an expert in prosthodontics, esthetic dentistry, and digital dental technologies. He earned his DDS from Saint Joseph University of Beirut in 1995, completed a Master's degree in Prosthodontics and Esthetic Dentistry with honors in 1999, and received a Ph.D. in Biomaterials in 2022. He has held leading academic roles at Saint Joseph University, including Head of the Removable Prosthodontics Department, and he currently heads the Department of Digital Dentistry, Artificial Intelligence, and Evolving Technologies. In private practice in Mtayleb, Lebanon, he delivers care using advanced digital workflows and modern technologies.

Prof. Tohme is Chairman of the Scientific Committee of the Lebanese Society of Prosthodontics, an ITI Fellow, and Director of the Zahle ITI Study Club. He is also a Key Opinion Leader for 3Shape and Straumann, a member of the Digital Dentistry Society in Lebanon, and an international lecturer and published researcher in prosthodontics, implantology, and digital dentistry.

FACULTY
Dr. Ahmad Shahin, Consultant Prosthodontist, Jordan

Dr Ahmad is a Prosthodontics with advanced training from Jordan University of Science and Technology, holding a Master's degree in Clinical Dentistry (Prosthodontics) and a Bachelor's degree in Dentistry. He is Jordanian Board certified in Prosthodontics and a Member of the Faculty of Dentistry (MDF-RCSI) at the Royal College of Surgeons in Ireland.

His clinical expertise includes fixed and removable prosthodontics, dental implants and bone grafting, full mouth rehabilitation, ceramic veneers, and cosmetic dentistry including digital smile design. He also provides diagnosis and treatment of temporomandibular joint disorders, maxillary sinus lifting, soft tissue grafting, digital planning with computer-guided implant placement, and teeth extraction with immediate implant placement.
