

## **Requirements to Obtain a Post Graduate Diploma in Clinical Implant**

1. Completed the requirements of the Certificate level of the Clinical Implant programme.
2. Physically attend all 3 modules of the Diploma programme.
3. Pass the theoretical knowledge during the course (short quizzes and quiz lectures).
4. Pass the treatment planning, records and patient presentations.
5. Obtain a pass grade during the clinical performance.
6. Do minimum 5 surgical and 3 implant restorative treatments.
7. Sit and pass a written exam and oral examination set by BADI and BARD. Should you fail then you can take it as many times as you wish until you pass.
8. If a delegate successfully completes the above, a delegate will receive a BADI and BARD Post Graduate Diploma in Clinical Implant.
